

We will be taking another trip down the Kootenai from the Yaak River to the Moyie at Twin Rivers Resort. Remember to bring \$3 per head. This outing Wednesday August 5th will be the 13th hike/float outing for our 2020 Selkirk, Purcell, Cabinet Group.

We will be **leaving** at **8:00 AM** from the [Big Flag Information Center Parking Lot](#) in Downtown Bonners Ferry. Please remind me to collect the \$3 per head charge before we leave.

This trip will end at Twin Rivers Resort (\$3 per head) and begin at the Yaak Campground **below** the Mouth of the Yaak in Montana (do not go to the nearby campground above the mouth).

Float speed in the canyon is 4 mph with no stops, and 3.3 overall in the River including potty breaks and lunch stops.

- Yaak-Moyie is 4.5 hours, 16.6 miles
- Moyie to Davidson Farm is 3.5 hours
- Hemlocks-Bonners takes 4 hours and is 10.4 miles
- Yaak-Bonners takes 5.5 hours and is 22 miles
- Moyie –Riverside Park is 2.5 hours on the water
- Moyie – S&R launch is 3 hours
- Leonia-Moyie 3.5 hours

So, with the extra three hours for set up and travel we should be home to Davidson Farm in eight hours or by 3:30 or 4:00PM.

Here is my [Google Earth Folder](#) for these Kootenai River Float Trips. Here are some links of interest: [description of the Kootenai River in Montana from Big Sky Fishing](#); [Kootenai River Outfitters in Troy](#); [Far North Outfitters in Bonners Ferry](#); [Kootenai River Habitat Restoration](#); and [the Kootenai River in Idaho](#).

Plus, see my [Hiking Blog](#) for more information and great views of Boundary County. Please RSVP by email if you are coming, or if you almost always come, but not this time.
