

## Roman Nose Lakes Hike via Snow Creek | 2018

---

Tomorrow September 5<sup>th</sup> the nineteenth hike for the 2018 Selkirk, Purcell, Cabinet Group will be to Roman Nose Lakes. This year to avoid smoke we will take the long drive south all the way to the first Roman Nose Lake up from the **Big Flag Parking Lot** and the [Davidson Farm](#) via the Snow Creek Road. So we will all be leaving the **Big Flag at 8:00AM** and the [Davidson Farm](#) (2.3 miles West of Bonners Ferry on Riverside Drive) at **8:30AM**. We will reschedule the Goat Mt. Hike to the 26<sup>th</sup>.

Once we drive to the first lake there will be many trail options and we will probably hike to each of the lakes towards Bonners, and maybe up on the ridge to see Roman Nose Basin towards Highland Flats and Naples.

Here is the [Roman Nose Lakes via Snow Creek Folder](#) of Google Earth information. Here is the relief map with connections to Google Earth views etc. for [Roman Nose Lakes](#). Plus, here are some of Our Photos: [2011 08 29 Roman Nose Lakes](#).

Plus, see my [Hiking Blog](#) for more information and great views of Boundary County.

Please RSVP if you are coming.
