

Daily Heart Cleansing and Daily Praying for the Gifts

The purpose of this document is to define Power Measurement aka Faith Measurement using today's lessons (3/22/2015) in both the [daily](#) and [weekly](#) lectionaries. They both are filled with scripture and examples supporting the content of this document. For a broader example: I believe the word heart is the subject of more sentences in the Bible than any other word. In other words, it is an important word in more Bible verses than any other word. Hearts are very personal. On the other hand, gifts are corporate. To be useful to God while we go about our personal daily calling, we pray for all the corporate spiritual gifts. We do this for the love of others, directed by God. This prayer builds our faith so he can put people across our personal path and communicate with us tactically concerning his distribution his corporate spiritual gifts. So, in these prayers we are defining three ways we communicate with God, through strategic heart change, strategic praying for all the gifts, and through that tactical communication from God concerning his gifts that is something like a small voice in the back of the head.

Hearts are Personal, Unique to the Individual

The heart is the focal point of our personal relationship (communication) with God. Good or bad, we are designed to obey our heart. Therefore, our only personal responsibility is to sacrifice our heart daily to God's cleansing fire. [My Supporting Scripture Document](#) lists the scripture supporting Power and Faith Measurement. Because heart unlocks faith or power measurement, that document actually includes all the verses with "heart", and there are many. These heart verses show both the good and bad, and what we must do cleanse our heart. Power Measurement concerns all the different ways we measure things, including Faith Measurement. Business Science is the science of all those ways we measure things, present past and future. Our job is to examine or measure our heart daily so we know what it is, and so our "heart prayer" can put it out into the light (the refining fire of the Holy Spirit). By the way, if we do not know what it is, we will not recognize the change of heart, and our personal communication (relationship) with God.

Gifts are Impersonal, Corporate, for Everyone

The gifts are impersonal. We are directed to pray for them all, because through us God gives them to people he puts across our path. For example: every day I pray for the following: Healing by the laying on of hands; Knowledge, Wisdom and Discernment; Miracles; Prophecy; Tongues and Interpretation of Tongues; Clairvoyance; and Deliverance.
