

### Evil Sin - Abominations

The purpose of this document is to define evil. Two times in his Biblical story the Lord either completely destroyed (or commanded his people to completely destroy) a group of people for their abominations. We all sin and fall short of the Glory of God. The pain of sin enables God to bring us back to him. So, in a way he designed us to sin as a discipline tool. But there is also sin that is more serious. Abominations or evil sin must be completely wiped out. They are the sins that deserved complete destruction those two times in history.

### Witchcraft

Witchcraft is evil. In the United States when we think of Witchcraft we think of Salem, Massachusetts. However, the truth is the Church saved people from being executed for being witches. At that time it was politically correct to execute witches. Thousands were executed in Europe, and when the fad reached America it began in Salem. What most people do not know is that the Church stopped this fad from spreading in America by pointing out that Biblical Law requires evidence. Unless people openly perjure themselves, witchcraft is hard to prove. However, it is still evil and one of the abominations from which we must stay separate. Today, we find books on witchcraft and sorcery in our churches and people openly perjuring themselves as witches.

### Sodomy or Homosexuality and other Evil Abominations

Sodomy or homosexuality is evil. It is the one abomination that is listed in both of those historical events. It is extremely contagious. Even the little children of Sodom (and all the five Cities of the Plain that were destroyed) were into it. Unless people openly perjure themselves, sodomy is hard to prove. However, it is still evil and one of the abominations from which we must stay separate. Today, we find sodomy openly practiced in our churches and people openly perjuring themselves as homosexuals. The rest of the list of abhorrent things they did for their gods that caused God to destroy little children is now also becoming popular in Church and on our streets. Here they are: suicide; tattoos; child sacrifice; idol worship; bestiality; and uncovering nakedness of near of kin: brothers, sisters, mothers, fathers, step-brothers, step-sisters, aunts, uncles, daughter in-law, son in-law, and other near of kin.

### Summary: Evil Sin - Abominations

The purpose of this document is to define evil. Two times in history the Lord either completely destroyed or commanded his people to completely destroy people for their abominations. We all sin and fall short of the Glory of God. The pain of sin enables God to bring us back to him. So, in a way he designed us to sin as a discipline tool. But there is also sin that is more serious. Abominations or evil sin must be completely wiped out. Because it is very contagious, it must be avoided like the plague. They are the sins that deserved complete destruction those two times in history.
