

## ***Faith Measurement – The Communication Motivation Mystery***

### **The (Motivation) Mystery**

The purpose of this document is to describe what the Bible calls “The Mystery” using business modeling. Using Bible and Business terminology, I will be describing communication, organization, planning and motivation with God. Business Science is a language, the language of working together. It works well when describing our communication with God and others in the Body of Christ. Plus, hopefully that description will help some to the Motivation Communication view of Business Science.

### **Motivation Entities**

Business Communication Entities are things like: Sender, Receiver, Symbols, Method (technique), Mode (style), Medium (means to an end), Message and Feedback.

Plus the planning communication rules (brainstorming rules) are not the same as the execution communication rules (command and status).

Business Organization Entities are things like: Organization Chart, Chain of Command, Responsibility, and Authority.

Business Planning Entities are things like: Strategic Plan, Tactical Plan, and Budget. Operational Plan executes Strategic Plan and combines Tactical Plan and Budget Plan.

Motivation is the overall purpose of Planning, Organization and Communication. Motivation entities are things like leadership, personal development and pay.

### **Strategic Entities**

First let us take a strategic view of our communication with God. What are the strategic entities of that communication? Knowing those entities will help us understand how they work together.

### **Planning Rules vs. Execution Rules**

Notice the communication rules for planning are not the same as the communication rules for execution. In the same way, the rules of our communication with God are not the same for planning and execution. We enter his rest for planning. When we are executing a plan, we are not at rest; and we use command and status rules.

### **Planning Entities**

From our list above, here are the communication strategic entities for planning in his rest:

- Strategic Plan – What
- Tactical Plan – How
- Budget Plan – When
- Org Chart – Responsibility and Authority,  
Team, Team Roles, Teammates,

### **Motivation: The Mystery of Wisdom**

The purpose of this paragraph is to associate Wisdom with the Mystery. Once a person has experienced The Mystery, the Old Testament Wisdom Scriptures and the New Testament Baptism in the Holy Spirit are one. The New Testament Mystery of a personal relationship with God through heart changing prayer is Wisdom. In other words, the gift of belief that comes from begging for a heart's desire refined by the Fire of the Holy Spirit, the Gift of Belief and Wisdom are one. Using business terminology, the New Testament Mystery of the Baptism of the Holy Spirit motivates us to be wise. It is the Mystery because it has to be received and experienced before it can be understood. Once it is understood, the Old Testament Wisdom Scriptures come alive. Once the Mystery is received, the threefold of the Law, the Prophets and the Mystery of Motivation to Wisdom is complete.
